THE DEUTCHLAND A MANGLED MASS

ZEPPELIN'S PASSENGER AIRSHIP
WITH 30 ON BOARD ENCOUNTERS STORM.

WILD CONTEST WITH WIND

Lands on Tree Tops and Is Pierced
Through and Through With
Forest Limbs.

Dusseldorf, Germany, June 28.—Count Zeppelin's passenger airship Deutschland, the highest developed of the aeronaut's models, lies tonight on top of the Touerburgian forest, pierced with pine tree stems, a mass of deflated silk and twisted aluminum. The thirty-three persons aboard, after a wild contest with a storm, awoke uninjured, climbing down a rope ladder from the wreck on the pine tops.

Sailed at 8:30 Tuesday.

Herr Colesmann, general manager of the new airship company; Chief Engineer Duerr of the Zeppelin company and Capt. Kennenberg, who personally had charge of the crew of ten, and twenty newspaper men sailed from Dusseldorf at 8:30 o'clock this morning for a three hours' excursion. The objective point was Dortmund, about thirty-five miles from Dusseldorf, but a high head wind prevailed and an effort was made to reach Munster, a garrison town, so that a landing might be made on the parade ground by the aid of the soldiers. It was realized that it would require a large number of them to hold the vast contrivance of silk and metal against the wind.

Airship Drifted Violently.

It was dangerous to attempt a landing in an open field because of the storm, as the metal was likely to pound to pieces. In the high wind one of the motors refused to work and the other two were not powerful

enough to make any progress in the gale. The airship drifted, swaying in the violent gusts, sometimes leaning to an angle of 40 degrees and all the while the engineers were at work repairing the disabled motor. When this was done all four screws were driven with their full power, under which, in normal conditions, the airship was capable of attaining a speed of forty miles an hour. But the helmsman was unable to keep his course and the great craft was swung at the mercy of the winds.

Fifty Mile Gale Blowing.

Colesmann did not dare turn the ship around, for fear of overturning, and he decided to drift in the gale, which was blowing at the rate of fifty miles an hour toward Osnabruck which also is a garrison station. If he missed that he would continue on to Sanneu. Suddenly he perceived a whirlwind coming, and ascended to a height of nearly 4,000 feet to avoid the worst of it. With the whirlwind came an avalanche of rain. After half an hour the Deutschland came down to permit of observations, and it was seen that the Touerburgian forest lay below. The forward motor again stopped and Colesmann sent five of the correspondents to the aft gondola to ballast the craft.

The Deutschland sank rapidly, having lost much gas in the high altitudes, and drifted along the top of the dense forest. A heavy branch of a tree broke through the floor of the cabin amidships, throwing two of the guests to the floor. Other branches ripped through the gas compartments and the whole great structure settled down thirty or forty feet from the ground.

The district governor and his wife with first aid to the injured, arrived at the scene within half an hour by special train. A company of infantry was sent from Osnabruck and picketed the wreckage. The disaster took place at 5:30 o'clock in the evening.

Mr. and Mrs. Ben Katz have returned from Oklahoma City where they attended the wedding of their daughter, Miss Bessie.

"MADHOUSE" RAIDED AT KEIFER, OKLAHOMA

One Man Shot and Seriously Wounded
in Resisting Arrest.

Keifer, June 28.—Lee Wilder, city marshal, shot and seriously wounded Lee Hailey as a result of a raid on a joint here known as the "Madhouse" Sunday evening. The shooting occurred about 7:30 and Hailey was taken to a Tulsa hospital. The town is divided into factions, the prohibition and the whiskey element, and many conflicting stories of the affair have been in circulation.

Constable C. B. Lake, who was a member of the posse, today gave his version of the affair. City Marshal Wilder, Constable Lake and Marshall Wilder's father, who had been sworn in as a deputy by the constable, raided the "Madhouse," a notorious resort, Sunday evening, and found several men gambling. The gambling paraphernalia was destroyed and a short time later Orcutt, or "White," as he is better known, was arrested.

As the officers were taking him along the street they were stopped by Lee Hailey, proprietor of the "Madhouse" who demanded to know what the officers were going to do with him. A quarrel ensued and Hailey pulled his gun and was immediately covered by Constable Lake, who told him to drop it. Hailey dropped the muzzle of the gun to the sidewalk and backed into the door of a nearby joint. Lake, thinking he was going to make a dash through the house, ran around the building, when Hailey fired at Wilder's father. Wilder immediately responded with a shot that entered Hailey's upper jaw, knocked out several teeth and broke the lower jaw, inflicting a serious wound that may prove fatal.

Hailey was taken to the Grosshart sanitarium of this place. Information was given out last night to the effect that the wounded man was getting along nicely and is in a way for early recovery.

TEXAS TO RECEIVE NOTED VISITORS

Believed That Taft and Roosevelt
Will Make Trip to State
This Fall.

Washington, June 28.—President Taft today told Representative Byrnes of Tennessee rather positively that he will go to Texas this fall and said he expected to stop over at some points in Tennessee on the way. He said a definite program can not be announced, but he regards it settled that he will go to Texas in November. This appears to be the last information on the subject until fuller details are announced from Beverly, Mass.

Col. Cecil Lyon, republican national committeeman, who has just returned to Washington from Oyster Bay, says that it can be safely predicted that former President Theodore Roosevelt will also visit Texas this fall, probably in October.

MADRIZ FORCES ROUTED COMPLETELY

Pearl Lagoon Captured 200 Hundred
Prisoners Taken to Blue-
fields.

Bluefields, Nic., June 28.—General Duron, with 150 men have captured the Pearl lagoon from the Madriz forces after a stubborn defense. The fighting lasted two hours and ten men on each side, several were killed and a few wounded.

Two hundred of the Madriz troops took part in the engagement and only two leaders made their escape, the others being taken prisoners. They were brought to Bluefields today.

Bible Lecturer to Be Here.
The public is cordially invited to hear Bro. J. W. Adams of the International Bible Student's Association, deliver two lectures on the Scriptures at the court house in Ada, Friday and Saturday evening 1st and 2nd of July at 8:30 p. m. Subject for Friday evening, "A Brief Outline of God's Plan of the Ages." All Bible students and those of the community who have the series of books entitled "Studies in the Scripture," are especially invited to hear these lectures. Seats free. No collection.

WILL NOT RETURN TO GUTHRIE

HASKELL SAYS HE IS NOT GOING
TO RETREAT AFTER ONCE
MAKING ADVANCE.

CASE CONTINUED UNTIL THURSDAY

Possibility of Capital Case Being
Placed With Other Than the
Attorney General.

Guthrie, Ok., June 28.—Hearing on demurral filed by Attorney General West to Guthrie's amended petition in the capital removal controversy was not obtained before the Logan County District court today, but was continued until Thursday morning.

Claude Davenport, Assistant Attorney General, appeared before Judge Huston stating that the Attorney General has been detained in Enid by the state's suit against the Waters-Pierce Oil company, which would probably keep him all of today and tomorrow.

Judge B. F. Burwell of Oklahoma City was here to assist in representing Gov. Haskell and the Oklahoma City Chamber of commerce.

At Oklahoma City news of the continuance was not received with marked

enthusiasm. During the day there was a conference between Gov. Haskell and Judge Burwell at the former's hotel apartments, following which the governor announced that he would have nothing to say. It is understood however, that the governor may release the attorney general from further charge of the capital removal litigation and take action that will force matters to an issue. While not made public, this will likely be an application for a writ of prohibition, if the attorneys conclude that such is the most satisfactory course.

As stated yesterday in the News, there is a feeling in Oklahoma City that the attorney general is not getting the desired amount of "action." Locally, they regard the capital removal case of greater importance to the state than is the penalty suit against the Waters-Pierce company. Those intimately acquainted with the attorney general assert, however, that his efforts in the capital removal litigation are sincere, and had it not been for the turn taken in the oil company suit at Enid he would have appeared in the Guthrie court today.

Oklahoma City people claim to be in possession of information that the federal authorities have refused to entertain the capital removal matter since it is pending in the state court. Such a ruling, they say, is in keeping with the comity long since established between the state and federal courts and is found laid down in the Virginia rate case.

They deny, however, that the politi-

cal phase of the controversy, whatever it may be, has been presented to the federal officials.

Attorney General West's office in Guthrie was in receipt today of a telegram from Acting Attorney General Bowers of the Washington Department saying that the state would be granted a hearing if the department should contemplate action.

In Oklahoma City preparations for new quarters for the state officials are at a standstill, to remain so, it is understood, until after the courts decide where the seat of government is really located. The only officers doing business there are the governor, Secretary of state, state examiner and inspector of the state election board. Carpets removed from the Guthrie executive office floors have arrived in Oklahoma City and it is expected that new executive offices will be established in the old High school building on Fourth street, which has been placed in condition to accommodate a portion of the administration.

Gov. Haskell states that he will never return to Guthrie.

TULSA MAN GETS LONG SENTENCE

Convicted of Wife Killing, Recalls
Early Days in Oklahoma When
Cowboys and Bandits
Battled.

Tulsa, Okla., June 28.—Will Brad-
ley, charged with shooting Cora Roach
here in 1900, was today sentenced to
life imprisonment in the penitentiary
by the district court after the jury
had returned a verdict of guilty of
murder in the first degree.

Bradley in his defense set up the
was an accident, it having occurred
plea that the killing of the woman
at a time when a battle between a
of cowboys and a number of bandits
was raging in the city.

JOINT DISCUSSIONS WILL TAKE PLACE

Candidates Decline to Accede to
Chairman Branson That
Dates Be Canceled.

Oklahoma City, Ok., June 28.—State-
ment was made at both the Murray
and the Cruce headquarters today
that joint discussions between demo-
cratic gubernatorial candidates,
which begin at Anadarko July 5,
would take place as previously ar-
ranged. The candidates declined to
accede to requests of chairman Bran-
son of the democratic executive com-
mittee that they be called off.

NOT ANY WEDDING BELLS.

Eight of Two Hundred Express In-
tention of Becoming Wives.

Wellesley, Mass., June 28.—Of the
more than two hundred sweet girl
graduates who received their diplo-
mas from Wellesley College, only
eight or less than one-twenty-fifth
profess an intention of becoming
wives and mothers. Attempts were
made by the authorities to suppress
the results of the canvas, as they
fear the effect the news will have
when it is called to the attention of
Colonel Theodore Roosevelt.

According to the statistics called
for by the class secretary, one-third
of the class will take up teaching
as a profession, while another third
plan to stay at home.

Two of the seniors intend to be-
come farmers, asserting their belief
that with the increase in the price
of farm products there is a good
livelihood to be gotten out of the soil.

A Pontotoc Democrat.

Here is a good object lesson for a
few people who believe democracy or
anything that pertains to the present
form of government is synonymous
with graft and special privileges.

Some of the Pontotoc candidates
while on their hunt for votes, came
across a man who is a rather singu-
lar, and remarkable character in
their estimation. He is one W. J.
Rains who moved on to a farm 2 1/2
miles northeast of Maxwell last Fe-
bruary and who has done all his own
labor and has the best looking crop
one could wish to see.

He was born in Virginia in 1835
which makes him over seventy-five
years of age. Though he is of small
build, weighing only 108 pounds, he
worked his twenty acre crop in the
Canadian river bottom perfectly clean
and has earned some twelve or fifteen
dollars by working out for his
neighbors. Rains is a life-long dem-
ocrat and has no idea of sitting down
and let the government support him.

Will Go to Stonewall.

Mr. Norrell is going to Stonewall
Saturday to organize the democrats
there. The Democrat man says he
never has made any speeches in Pon-
totoc, but he feels that he can make
a "bully" one to Stonewall democrats
Saturday. He is going to give them
something good and straight from
the shoulder.

GOLDSBORO

HEARD FROM

A Lady Who Lives in Goldsboro
Joins in the Chorus of Praise
for Cardui, The Woman's
Tonic.

Goldsboro, N. C.—"A physician treat-
ed me for many distressing symptoms,"
writes Mrs. Etta A. Smith, "but gave
me no relief.

"I suffered with neuralgia around the
heart and was troubled at times with my
head. I had pain in my left side, bowels,
left thigh, shoulders and arms.

"After taking Cardui, I am now well
and can recommend it to other suffering
women."

Just such doubtful symptoms, as those
from which Mrs. Smith suffered, are the
ones for which it will pay you to take
Cardui, the woman's tonic.

It is at such times, when there is nothing
to show, for certain, the real cause of
the trouble, that you need a tonic, to give
the body strength to throw off the illness
that evidently threatens.

Take Cardui, when you are ill, with
the ailments of your sex. Take Cardui
as a tonic, to prevent illness, when you
feel it coming.

Your druggist keeps it.

nooga Medicine Co., Chattanooga, Tenn., for Special
Instructions, and 64-page book, Home Treatment

Committees Are Shaping Plans.

Washington, D. C.—The senate com-
mittee created to investigate the leg-
islation concerning the Indian con-
tracts discussed the matter at con-
siderable length yesterday and tried
to frame its plans but made little
headway.

The committee announced that it
appeared clearly that Senator Gore
of Oklahoma, who sprang the sensa-
tion on the floor of the senate, did
not himself charge any senator with
being interested in any of these con-
tracts, but simply stated a charge
made to him by another person.

The House committee created to in-
vestigate the contract matter with a
broad scope, will not meet in Wash-
ington until after the meeting in Ok-
lahoma City the first week in Aug-
ust.

J. F. McMurray of McAlester, Okla.,
the attorney about whose contracts
the whole incident revolves, his prob-
able fees being variously estimated at
from \$3,000,000 upwards, will submit a
statement to the committee setting
forth that he has done nothing but
what is legal and proper, reviewing
the whole case.

This statement will not be present-
ed until after Senator Gore submits his
contentions formally to the com-
mittee.

Here is a Baby Hailstone for You
All other stories of hailstones as
big as eggs, lemons or walnuts are in-
significant compared to the one told
at York, Pa., by William Difffenbacher
which is vouches for by his neigh-
bors.

Mr. Difffenbacher says that during
the hailstorm of last Saturday night,
there was precipitated into his garden
a stone of ice weighing fifty pounds,
and which was thirty-six inches long
and fourteen inches wide. The giant
hailstone, it is said, was made up of
a number of smaller ones, some
as large as baseballs and all frozen
together. The mass fell with so much
force that it was almost buried.

While Samuel King with others,
was loading heavy logs into a car at
Welling, day before yesterday, the
hoisting rope broke and a falling log
struck King on the head, crushing
his skull and causing almost instant
death. He had just laughed aside a
warning that the rope was not
strong.

It was announced yesterday that 100
additional state convicts would be
transferred during the week from Mc-
Alester to Granite, making 200 the
latter institution will have under con-
trol. For the time being the new con-
tract will be sent to Washita
county to work on the public roads
under supervision of the county au-
thorities.

A Woman Killed by Lightning.

Hobart, Okla., June 28.—Mrs. Os-

stantly killed last night by light-
ning while drawing water from a hy-
drant at her home here.

CHARGED WITH WIFE BEATING

Constable D. L. Lunsford of Tyrola brought in John Arnold of that place who is charged with assault and battery on his wife, Mrs. John Arnold.

Arnold was carried before Justice J. R. Smith of Tyrola and was committed to jail without bond. Before Justice Brown today he made a stay bond and was released for 30 days.

It is alleged that Arnold and his wife have spats very frequently. That a little quarrel or scrap is necessary to their welfare. It is furthermore stated that Arnold didn't hurt his wife much in the last bout.

IT WOULD PROLONG LIFE SHOULD PERFECT ORGANIZATION

The fellows whose thirst for drink drives them to buy any grade of whiskey where the quickest accessible when the pain strikes, if they were not as a rule too improvident to transact any intelligent business, it were a good idea for them to organize and send forth the edict, that all bootleggers should handle a certain standard grade of wet goods or else, be expelled from the amalgamated order of A. B. L. and whipped from the community. At any rate, if those eligible to such an organization would organize to secure a better grade of booze, when they just had to have it or go crazy, they would be some more eligible to become members of Judge Cox's Century Club.

ELEVEN BOOTLEGGERS COUNTED

Looking for One, Located 11 in View of the Street at One Time.

It is related that the other day a couple of friends, when they had concluded some business in an office in the city decided that a small bottle of whiskey would be very inviting at that particular time of day and forthwith advanced to the window and viewed the streets in search of a bootlegger. Then one of the friends laughed and began to point and count 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 bootleggers standing awaiting for custom.

There was a discussion as to the bootlegger who probably handled the best booze. It is not known whether an agreement was reached or any purchase made.

MONEY FOR PONTOTOC COUNTY

Farmers Can Secure More Money From State as Loan on Farms.

Cam Galt, the News man's cousin, was through Ada Tuesday for a short visit with which business was associated.

Mr. Galt is field inspector for the state farm loan department. He stated that the administration would be very glad to make more loans to Pontotoc county farmers, since this county hadn't received its quota of loans. This is 5 per cent money on easy terms.

POLITICAL SPEAKING AT KNOX NEXT MONDAY NIGHT

Last Monday night Byron Norrell and Judge Barton met with the democratic club at Knox. Norrell reports that quite a good deal of interest is manifested by the Knox people who invite the candidates to meet with them next Monday night. John Crawford and Judge Barton are the orators for the night, though all candidates will be given time to present their announcements.

Let 'Em Go Out.

It will not be so discommoding for the electric lights to go out tonight to those who have been attending the Chautauqua during the past week, for except the night owls and the young society folks, all are about "all in."

THE CURTAIN DOWN CHAUTAUQUA CLOSED

The Last act is over. The curtains are drawn, so to speak, on the Chautauqua this year. Yesterday afternoon, and evening the audience had the enviable pleasure of hearing the De Koven Quartet sing those old sweet songs that are always new. That this company sustained their reputation of being of the highest excellence scarcely needs mentioning. Suffice it to say that when they announced they would sing as far as possible any songs requested for the evening entertainment 47 songs were requested. At the thirty minute prelude in the evening they closed with "Swanee River" and "My Old Kentucky Home" illustrating them with crayon drawings which brought forth tremendous applause.

Hon. I. M. Holcomb in his "Shackles That Bind," gave his hearers a message to take to themselves, pointing to things that make life beautiful, happy and sweeter. His lecture was most heartily enjoyed and appreciated by all present.

Ada's Chautauqua has been talked of all over the state as having the "star audiences" which within itself is saying a good deal. A good audience always inspires the actors and they are eager to come to a place where their work is appreciated.

New Oil Field Opened.

Great excitement prevails in the country twelve miles west of Okmulgee by the opening up of a new oil field in that district. About midnight Saturday night the Fox River Valley Oil & Gas Company struck a gusher on its lease in that locality which is far removed from the famous Hamilton Switch Oil pool, eight miles north of Okmulgee, which the Fox River company opened up a few months ago. The oil sand was struck about 11 o'clock Saturday night and the oil shot up over the derrick showing a capacity of at least 500 barrels a day for the uncompleted well. The drilling was resumed today.—Musko-gee Times-Democrat.

Visit the Pastime Tonight.

The excellence of their program will surprise you. First is the "New Shawl" one of the famous Imps. Then the "Accused Captain" a fine Challenge picture. The third reel two subjects, Icelandic and American Wrestling; Jiu Jitsu vs. the Dagger, also vs. Boxing, ending with a good comedy "Willie's Trip to the North Pole."

Come see this show. You will enjoy it all.

CANDIDATES MEET AT FIZHUGH TONIGHT

Fitzhugh is preparing to entertain the county candidates with a box supper tonight. The people over the county realizing the office seekers have well developed appetites are endeavoring to accommodate them with something good—for the money.

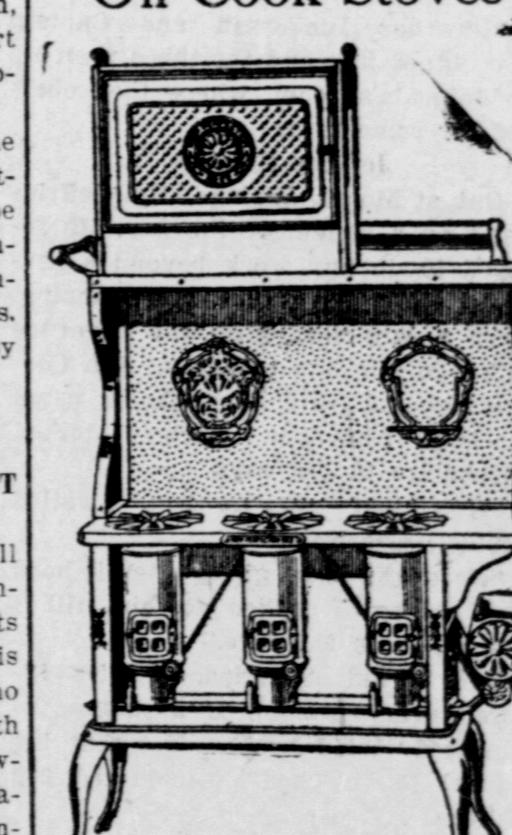

A large crowd will no doubt hear the politicians present their claims at Fitzhugh tonight.

WILL NOT STOP FIGHT

GOVERNOR OF NEVADA ASSURES RICKARD THAT HE WILL NOT INTERFERE.

SEE FIGHTERS AT BOTH CAMPS

Johnson Takes Hard Training While Jeffries Disappoints Trainers and Visitors.

Reno, Nev., June 28.—Rumors that the Jeffries-Johnson fight would be might be, or had been stopped by executive edict, having been given a complete knockout by Governor Dickerson, interest shifted Tuesday night to the training camps. Every one made it a point to visit Moana Springs or Johnson's quarters during the afternoon.

Tex Rickard breathed a sigh of relief when his conference with Gov. Dickerson was over. He had the governor's personal assurance that there would be no interference and was content.

"No one will ever know," said Rickard, "what troubles I have undergone in preparing for the fight. It has seemed to me that from the very start there has been some kind of an organized opposition other than the church federations. Rumors and

reports of all kinds, and of a character calculated to injure my interests, have been sent out. I say as honestly as any man could say it, that there has been no word of truth in any of it. They originated in malice and the desire to injure me. Business dealings with people who wanted more than was coming to them and did not get it, have played a part in the game. I have taken them all as they came and said nothing further than to deny the rumors.

Feelings Strong.

"Now, however, with the governor's assurance to back me, I feel like unburdening myself of an opinion as to those knockers. If I could make my denunciation of them as strong as my feelings would warrant, I would do so."

Governor Dickerson, accompanied by Captain Cox of the state police, paid a visit to Johnson's camp late in the afternoon. The governor was fortunate enough to catch the negro champion just starting on the best work-out he has indulged in since coming to Reno. Johnson boxed twelve fast rounds while the state officials looked on. Four rounds with Al Kaufman opened the program, and Johnson cleverly eluded the rushes of his husky opponent, shooting back telling head and body blows every time Al led. They fiddled for an opening in fast style, and Johnson appeared to enjoy letting himself go a little.

Johnson's Workout.

"Kid" Cotton, the dusky sparring partner, came up next. Johnson drove the big black around the ring, hammering away with good will at any point Cotton failed to protect. In the fourth round the champion put on steam and went after Cotton as though determined to put him down for the count. Cotton clinched to save himself. Jack tore loose with one of his surprising displays of strength. Twice he drove his left at Cotton's head with terrific force. It was a "double left hook" in ring parlance, and ended the bout for Cotton. He staggered and would have toppled to the floor had not the seconds helped him to a seat.

Johnson was not ready to quit and called for Monahan, whom he kept dancing around for two rounds. Dave Mills was subjected to the champion's fire for two more rounds, then Johnson started back to the hotel.

Governor Dickerson and Captain Cox joined him and the three went up to Johnson's room, where they chatted for some time.

Jeffries Inactive.

Out at Moana Springs, Jim Jeffries went on a strike for the day. He refused to do any work beyond a seven-mile road jaunt in the morning. Even a late visit from the governor failed to stir him to action. Jim Corbett labored with him like a camp meeting revivalist. Corbett talked with tears in his voice.

"He's just got to box," wailed Corbett, afterward.

"He ought to be going after it hard right along. I talked to him till I was black in the face."

But it did no good. Jeffries ignored every protest. If anything, he appeared elated by the fact that his refusal to box had disappointed 300 visitors.

Notice to Paving Contractors.

Published June 21st to July 1st inclusive, 1910.

Notice is hereby given that in pursuance of a resolution adopted by the Mayor and City Council of the City of Ada, Oklahoma, on the 20th day of June, 1910, sealed bids will be received at the office of W. B. Jones, City Clerk of Ada, Oklahoma, up to 8 o'clock A. M., Saturday, July 2nd, 1910, and will be considered by the Mayor and Council in the Council Chamber in the city hall building at

eight o'clock A. M., on July 2nd, 1910, for the paving, necessary grading, curbing, guttering and draining of Main street from the East line of the M. K. & T. railway right-of-way to the West line of Stockton Ave. to be paved a total width of sixty-eight (68) feet from face of curb to face of curb, and on Main street from the West line of Stockton Ave. to the West line of the St. Louis and San Francisco railway right-of-way to be paved a total width of forty (40) feet from face of curb to face of curb; Townsend Ave. from the North line of Twelfth (12th) street to the North line of the Saint Louis and San Francisco Railway right-of-way, to be paved a total width of fifty-six (56) feet from face of curb to face of curb. Broadway Ave. from the north line of Twelfth (12th) street to the north line of the Saint Louis and San Francisco Railway right-of-way, to be paved a total width of sixty-eight (68) feet from face of curb to face of curb. Each and all of said streets and avenues being in the City of Ada, Okla., and that the material to be used in the paving of the roadway of said street shall be a two (2) inch Rock Asphalt wearing surface with a five (5) inch Portland Cement Concrete foundation and that the necessary grading to be done and catch basins, concrete curbing and guttering and draining to be constructed therefore in accordance with the plans and specifications prepared by the City Engineer and adopted by the Mayor and City Council on the 20th day of June, 1910, and now on file in the office of the city clerk.

They are always accommodated by this press. For there is no telling when the continued proprietorship of a small daily paper may add to the tribe.

And It Was Dark.

The city was in darkness a greater part of the night after 11 o'clock last night, owing to insufficient water supply. Yesterday afternoon Mr. Whitaker of the cement plant, went out to the city pumping station and located the trouble in the shape of a bent shaft on the pumping engine. The shaft was taken to the cement plant machine shop and put into good condition. Maybe, in the future, so long as the machinery stays in condition to operate itself, the city will have lights, power and water. As it has been the past few days, it is aggravating to say the least.

ZEPPELIN'S PASSENGER AIRSHIP
WITH 30 ON BOARD ENCOUNTERS STORM.

WILD CONTEST WITH WIND

Lands on Tree Tops and Is Pierced
Through and Through With
Forest Limbs.

Dusseldorf, Germany, June 28.—Count Zeppelin's passenger airship Deutschland, the highest developed of the aeronaut's models, lies tonight on top of the Touterburgian forest, pierced with pine tree stems, a mass of deflated silk and twisted aluminum. The thirty-three persons aboard, after wild contest with a storm, alighted uninjured, climbing down a rope ladder from the wreck on the pine tops.

Sailed at 8:30 Tuesday.

Herr Colesmann, general manager of the new airship company; Chief Engineer Duer of the Zeppelin company and Capt. Kennenberg, who personally had charge of the crew of ten, and twenty newspaper men sailed from Dusseldorf at 8:30 o'clock this morning for a three hours' excursion. The objective point was Dortmund, about thirty-five miles from Dusseldorf, but a high head wind prevailed and an effort was made to reach Munster, a garrison town, so that a landing might be made on the parade ground by the aid of the soldiers. It was realized that it would require a large number of them to hold the vast contrivance of silk and metal against the wind.

Airship Drifted Violently.

It was dangerous to attempt a landing in an open field because of the storm, as the metal was likely to pound to pieces. In the high wind one of the motors refused to work and the other two were not powerful

enough to make any progress in the gale. The airship drifted, swaying in the violent gusts, sometimes leaning to an angle of 40 degrees and all the while the engineers were at work repairing the disabled motor. When this was done all four screws were driven with their full power, under which, in normal conditions, the airship was capable of attaining a speed of forty miles an hour. But the helmsman was unable to keep his course and the great craft was swung at the mercy of the winds.

Fifty Mile Gale Blowing.

Colesmann did not dare turn the ship around, for fear of overturning, and he decided to drift in the gale, which was blowing at the rate of fifty miles an hour toward Osnabruck which also is a garrison station. It was missed that he would continue on to Sennau. Suddenly he perceived a whirlwind coming, and ascended to a height of nearly 4,000 feet to avoid the worst of it. With the whirlwind came an avalanche of rain. After half an hour the Deutschland came down to permit of observations, and it was seen that the Touterburgian forest lay below. The forward motor again stopped and Colesmann sent five of the correspondents to the aft gondola to ballast the craft.

The Deutschland sank rapidly, having lost much gas in the high altitudes, and drifted along the top of the dense forest. A heavy branch of a tree broke through the floor of the cabin amidships, throwing two of the guests to the floor. Other branches ripped through the gas compartments and the whole great structure settled down thirty or forty feet from the ground.

The district governor and his wife with first aid to the injured, arrived at the scene within half an hour by special train. A company of infantry was sent from Osnabruck and picked up the wreckage. The disaster took place at 5:30 o'clock in the evening.

Mr. and Mrs. Ben Katz have returned from Oklahoma City where they attended the wedding of their daughter, Miss Bessie.

"MADHOUSE" RAIDED AT KEIFER, OKLAHOMA

One Man Shot and Seriously Wounded
in Resisting Arrest.

Keifer, June 28.—Lee Wilder, city marshal, shot and seriously wounded Lee Hatley as a result of a raid on a joint here known as the "Madhouse" Sunday evening. The shooting occurred about 7:30 and Hatley was taken to a Tulsa hospital. The town is divided into factions, the prohibition and the whiskey element, and many conflicting stories of the affair have been in circulation.

Constable C. B. Lake, who was a member of the posse, today gave his version of the affair. City Marshal Wilder, Constable Lake and Marshall Wilder's father, who had been sworn in as a deputy by the constable, raided the "Madhouse," a notorious resort, Sunday evening, and found several men gambling. The gambling paraphernalia was destroyed and a short time later Orcut, or "Whitis," as he is better known, was arrested.

As the officers were taking him along the street they were stopped by Lee Hatley, proprietor of the "Madhouse" who demanded to know what the officers were going to do with him. A quarrel ensued and Hatley pulled his gun and was immediately covered by Constable Lake, who told him to drop it. Hatley dropped the muzzle of the gun to the sidewalk and backed into the door of a nearby joint. Lake, thinking he was going to make a dash through the house, ran around the building when Hatley fired at Wilder's father. Wilder immediately responded with a shot that entered Hatley's upper jaw, knocked out several teeth and broke the lower jaw, inflicting a serious wound that may prove fatal.

Hatley was taken to the Grosshart hospital of this place. Information was given out last night to the effect that the wounded man was getting along nicely and is in a way for early recovery.

TEXAS TO RECEIVE NOTED VISITORS

Believed That Taft and Roosevelt
Will Make Trip to State
This Fall.

Washington, June 28.—President Taft today told Representative Byrnes of Tennessee rather positively that he will go to Texas this fall and said he expected to stop over at some points in Tennessee on the way. He said a definite program can not be announced, but he regards it settled that he will go to Texas in November. This appears to be the last information on the subject until fuller details are announced from Beverly, Mass.

Col. Cecil Lyon, republican national committeeman, who has just returned to Washington from Oyster Bay, says that it can be safely predicted that former President Theodore Roosevelt will also visit Texas this fall, probably in October.

Bluefields, Nic., June 28.—General Duron, with 150 men have captured the Pearl lagoon from the Madriz forces after a stubborn defense. The fighting lasted two hours and ten men, on each side, several were killed and a few wounded.

Two hundred of the Madriz troops took part in the engagement and only two leaders made their escape, the others being taken prisoners. They were brought to Bluefields today.

WILL NOT RETURN TO GUTHRIE

HASKELL SAYS HE IS NOT GOING
TO RETREAT AFTER ONCE
MAKING ADVANCE.

CASE CONTINUED UNTIL THURSDAY

Possibility of Capital Case Being
Placed With Other Than the
Attorney General.

Guthrie, Ok., June 28.—Hearing on demurrer filed by Attorney General West to Guthrie's amended petition in the capital removal controversy was not obtained before the Logan County District court today, but was continued until Thursday morning.

Claude Davenport, Assistant Attorney General, appeared before Judge Huston stating that the Attorney General has been detained in Enid by the state's suit against the Waters-Pierce Oil company, which would probably

keep him all of today and tomorrow. Judge B. F. Burwell of Oklahoma City was here to assist in representing Gov. Haskell and the Oklahoma City Chamber of commerce.

At Oklahoma City news of the continuance was not received with mark-

ed enthusiasm. During the day there was a conference between Gov. Haskell and Judge Burwell at the former's hotel apartments, following which the governor announced that he would have nothing to say. It is understood however, that the governor may relieve the attorney general from further charge of the capital removal litigation and take action that will force matters to an issue. While not made public, this will likely be an application for a writ of prohibition, if the attorneys conclude that such is the most satisfactory course.

As stated yesterday in the News, there is a feeling in Oklahoma City that the attorney general is not getting the desired amount of "action." Locally, they regard the capital removal case of greater importance to the state than is the penalty suit against the Waters-Pierce company. Those intimately acquainted with the attorney general assert, however, that his efforts in the capital removal litigation are sincere, and had it not been for the turn taken in the oil company suit at Enid he would have appeared in the Guthrie court today.

Oklahoma City people claim to be in possession of information that the federal authorities have refused to entertain the capital removal matter since it is pending in the state court. Such a ruling, they say, is in keeping with the comity long since established between the state and federal courts and is found laid down in the Virginia rate case.

They deny, however, that the politi-

cal phase of the controversy, whatever it may be, has been presented to the federal officials.

Attorney General West's office in Guthrie was in receipt today of a telegram from Acting Attorney General Bowers of the Washington Department saying that the state would be granted a hearing if the department should contemplate action.

In Oklahoma City preparations for new quarters for the state officials are at a standstill, to remain so, it is understood, until after the courts decide where the seat of government is really located. The only officers doing business there are the governor, Secretary of state, state examiner and inspector of the state election board. Carpets removed from the Guthrie executive office floors have arrived in Oklahoma City and it is expected that the executive offices will be established in the old High school building on Fourth street, which has been placed in condition to accommodate a portion of the administration.

Gov. Haskell states that he will never return to Guthrie.

It is related that the other day a couple of friends, when they had concluded some business in an office in the city decided that a small bottle of whiskey would be very inviting at that particular time of day and forthwith advanced to the window and viewed the streets in search of a bootlegger. Then one of the friends laughed and began to point and count 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 bootleggers standing awaiting for custom. POLITICAL SPEAKING AT KNOX NEXT MONDAY NIGHT

Last Monday night Byron Norrell and Judge Barton met with the democratic club at Knox. Norrell reports that quite a good deal of interest is manifested by the Knox people who invite the candidates to meet with them next Monday night. John Crawford and Judge Barton are the orators for the night, though all candidates will be given time to present their announcements.

Let 'Em Go Out.

It will not be so discommoding for the electric lights to go out tonight to those who have been attending the Chautauqua during the past week, for

except the night owls and the young society folks, all are about "all in."

THE CURTAIN DOWN CHAUTAUQUA CLOSED

The Last act is over. The curtains are drawn, so to speak, on the Chautauqua this year. Yesterday afternoon, and evening the audience had the enviable pleasure of hearing the De Koven Quartet sing those old sweet songs that are always new. That this company sustained their reputation of being of the highest excellence scarcely needs mentioning. Suffice it to say that when they announced they would sing as far as possible any songs requested for the evening entertainment 47 songs were requested. At the thirty minute prelude in the evening they closed with "Swanee River" and "My Old Kentucky Home" illustrating them with crayon drawings which brought forth tremendous applause.

Hon. I. M. Holcomb in his "Shackles That Bind," gave his hearers a message to take to themselves, pointing to things that make life beautiful, happy and sweeter. His lecture was most heartily enjoyed and appreciated by all present.

Ada's Chautauqua has been talked of all over the state as having the "star audiences" which within itself is saying a good deal. A good audience always inspires the actors and they are eager to come to a place where their work is appreciated.

THE DEUTCHLAND A MANGLED MASS

ZEPPELIN'S PASSENGER AIRSHIP
WITH 30 ON BOARD ENCOUNTERS STORM.

WILD CONTEST WITH WIND

Lands on Tree Tops and Is Pierced
Through and Through With
Forest Limbs.

Dusseldorf, Germany, June 28.—Count Zeppelin's passenger airship Deutschland, the highest developed of the aeronaut's models, lies tonight on top of the Touterburgian forest, pierced with pine tree stems, a mass of deflated silk and twisted aluminum. The thirty-three persons aboard, after wild contest with a storm, alighted uninjured, climbing down a rope ladder from the wreck on the pine tops.

Sailed at 8:30 Tuesday.

Herr Colesmann, general manager of the new airship company; Chief Engineer Duer of the Zeppelin company and Capt. Kennenberg, who personally had charge of the crew of ten, and twenty newspaper men sailed from Dusseldorf at 8:30 o'clock this morning for a three hours' excursion. The objective point was Dortmund, about thirty-five miles from Dusseldorf, but a high head wind prevailed and an effort was made to reach Munster, a garrison town, so that a landing might be made on the parade ground by the aid of the soldiers. It was realized that it would require a large number of them to hold the vast contrivance of silk and metal against the wind.

Airship Drifted Violently.

It was dangerous to attempt a landing in an open field because of the storm, as the metal was likely to pound to pieces. In the high wind one of the motors refused to work and the other two were not powerful

enough to make any progress in the gale. The airship drifted, swaying in the violent gusts, sometimes leaning to an angle of 40 degrees and all the while the engineers were at work repairing the disabled motor. When this was done all four screws were driven with their full power, under which, in normal conditions, the airship was capable of attaining a speed of forty miles an hour. But the helmsman was unable to keep his course and the great craft was swung at the mercy of the winds.

Fifty Mile Gale Blowing.

Colesmann did not dare turn the ship around, for fear of overturning, and he decided to drift in the gale, which was blowing at the rate of fifty miles an hour toward Osnabrück which also is a garrison station. It is missed that he would continue on to Sennau. Suddenly he perceived a whirlwind coming, and ascended to a height of nearly 4,000 feet to avoid the worst of it. With the whirlwind came an avalanche of rain. After half an hour the Deutschland came down to permit of observations, and it was seen that the Touterburgian forest lay below. The forward motor again stopped and Colesmann sent five of the correspondents to the aft gondola to ballast the craft.

The Deutschland sank rapidly, having lost much gas in the high altitudes, and drifted along the top of the dense forest. A heavy branch of a tree broke through the floor of the cabin amidships, throwing two of the guests to the floor. Other branches ripped through the gas compartments and the whole great structure settled down thirty or forty feet from the ground.

The district governor and his wife with first aid to the injured, arrived at the scene within half an hour by special train. A company of infantry was sent from Osnabrück and picked up the wreckage. The disaster took place at 5:30 o'clock in the evening.

Mr. and Mrs. Ben Katz have returned from Oklahoma City where they attended the wedding of their daughter, Miss Bessie.

"MADHOUSE" RAIDED AT KEIFER, OKLAHOMA

One Man Shot and Seriously Wounded
in Resisting Arrest.

Keifer, June 28.—Lee Wilder, city marshal, shot and seriously wounded Lee Hatley as a result of a raid on a joint here known as the "Madhouse" Sunday evening. The shooting occurred about 7:30 and Hatley was taken to a Tulsa hospital. The town is divided into factions, the prohibition and the whiskey element, and many conflicting stories of the affair have been in circulation.

Constable C. B. Lake, who was a member of the posse, today gave his version of the affair. City Marshal Wilder, Constable Lake and Marshall Wilder's father, who had been sworn in as a deputy by the constable, raided the "Madhouse," a notorious resort, Sunday evening, and found several men gambling. The gambling paraphernalia was destroyed and a short time later Orcut, or "Whitis," as he is better known, was arrested.

As the officers were taking him along the street they were stopped by Lee Hatley, proprietor of the "Madhouse" who demanded to know what the officers were going to do with him. A quarrel ensued and Hatley pulled his gun and was immediately covered by Constable Lake, who told him to drop it. Hatley dropped the muzzle of the gun to the sidewalk and backed into the door of a nearby joint. Lake, thinking he was going to make a dash through the house, ran around the building when Hatley fired at Wilder's father. Wilder immediately responded with a shot that entered Hatley's upper jaw, knocked out several teeth and broke the lower jaw, inflicting a serious wound that may prove fatal.

Hatley was taken to the Grosshart hospital of this place. Information was given out last night to the effect that the wounded man was getting along nicely and is in a way for early recovery.

TEXAS TO RECEIVE NOTED VISITORS

Believed That Taft and Roosevelt
Will Make Trip to State
This Fall.

Washington, June 28.—President Taft today told Representative Byrnes of Tennessee rather positively that he will go to Texas this fall and said he expected to stop over at some points in Tennessee on the way. He said a definite program can not be announced, but he regards it settled that he will go to Texas in November. This appears to be the last information on the subject until fuller details are announced from Beverly, Mass.

Col. Cecil Lyon, republican national committeeman, who has just returned to Washington from Oyster Bay, says that it can be safely predicted that former President Theodore Roosevelt will also visit Texas this fall, probably in October.

WILL NOT RETURN TO GUTHRIE

HASKELL SAYS HE IS NOT GOING
TO RETREAT AFTER ONCE
MAKING ADVANCE.

CASE CONTINUED UNTIL THURSDAY

Possibility of Capital Case Being
Placed With Other Than the
Attorney General.

Guthrie, Ok., June 28.—Hearing on demurrer filed by Attorney General West to Guthrie's amended petition in the capital removal controversy was not obtained before the Logan County District court today, but was continued until Thursday morning.

Claude Davenport, Assistant Attorney General, appeared before Judge Huston stating that the Attorney General has been detained in Enid by the state's suit against the Waters-Pierce Oil company, which would probably

keep him all of today and tomorrow. Judge B. F. Burwell of Oklahoma City was here to assist in representing Gov. Haskell and the Oklahoma City Chamber of commerce.

At Oklahoma City news of the continuance was not received with mark-

ed enthusiasm. During the day there was a conference between Gov. Haskell and Judge Burwell at the former's hotel apartments, following which the governor announced that he would have nothing to say. It is understood however, that the governor may relieve the attorney general from further charge of the capital removal litigation and take action that will force matters to an issue. While not made public, this will likely be an application for a writ of prohibition, if the attorneys conclude that such is the most satisfactory course.

As stated yesterday in the News, there is a feeling in Oklahoma City that the attorney general is not getting the desired amount of "action." Locally, they regard the capital removal case of greater importance to the state than is the penalty suit against the Waters-Pierce company. Those intimately acquainted with the attorney general assert, however, that his efforts in the capital removal litigation are sincere, and had it not been for the turn taken in the oil company suit at Enid he would have appeared in the Guthrie court today.

Oklahoma City people claim to be in possession of information that the federal authorities have refused to entertain the capital removal matter since it is pending in the state court. Such a ruling, they say, is in keeping with the comity long since established between the state and federal courts and is found laid down in the Virginia rate case.

They deny, however, that the politi-

cal phase of the controversy, whatever it may be, has been presented to the federal officials.

Attorney General West's office in Guthrie was in receipt today of a telegram from Acting Attorney General Bowers of the Washington Department saying that the state would be granted a hearing if the department should contemplate action.

In Oklahoma City preparations for new quarters for the state officials are at a standstill, to remain so, it is understood, until after the courts decide where the seat of government is really located. The only officers doing business there are the governor, Secretary of state, state examiner and inspector of the state election board. Carpets removed from the Guthrie executive office floors have arrived in Oklahoma City and it is expected that the executive offices will be established in the old High school building on Fourth street, which has been placed in condition to accommodate a portion of the administration.

Gov. Haskell states that he will never return to Guthrie.

Entered as Second Class matter,
March 26, 1904, at the Postoffice at
Ada, Okla., under the Act of Congress of March 3, 1879.

The republican spellbinder is at all times interesting, but when it comes to consistency he is the blue ribbon donkey of the political fair. He apologetically assaults the state tax of 2.5 mills, but passes up in dignified silence the territorial tax of 6.4 mills. He overworks his diaphragm in denouncing a state tax of one-fourth of one per cent, but he becomes hysterical in praising a tariff tax of forty-seven per cent. He brands as criminal extravagance a \$45,000 appropriation for a state normal building, but praises as progressive statesmanship a \$125,000 appropriation for a postoffice building. He furnishes affidavits to help hold up corporation taxes, and then brands as "ruthless extortion" the increased tax rate rendered necessary by the deficiency. He yells "high taxes" in Logan county, where state taxes average \$7,000 a year less since statehood and in Pawnee county where state taxes average \$10,000 a year less since statehood. He praises his party as the party of intelligence, and corrals beneath its banner 30,000 illiterate negroes and opposes the establishment of every state school projected since statehood. He pays \$800 each month to maintain a press bureau to fill the papers of the state with political "bug-dope," and then announces for constable on a platform of "more business and less politics."

Four negroes have filed for representative in counties that are safely Republican. The negroes dominate the Republican party in those same counties by heavy majorities. Unless the "grandfather clause" carries, these negroes will sit in the next legislature, four in the next. With negro representatives increasing 300 per cent it will take about four years to elect a negro majority in the state legislature.

An ordinary Singer sewing machine of American manufacture costs an American purchaser \$60. The same machine exported is sold in Japan for \$20. In other words, a tariff baron thinks twice as much of an opium-soaked Mongolian as he does of an American farmer. The favoritism displayed is rather startling, but of course such a policy is necessary "to protect the American laborer."

The people of Oklahoma, including all special interests and corporations, pays each year \$2,000,000 in state taxes, and \$18,000,000 a year as a tariff tax. The Republican press denounces the former as "extortionate taxation" and praises the latter as "splendid constructive statesmanship."

While it is a misdemeanor to sell whiskey, it is no less than an attempt to commit murder to sell poor unfortunate the poison in the guise of whiskey usually dispensed by Ada bootleggers.

While Hon. Fred Branson is evidently grateful to Lee Cruce's friends on the state democratic committee for his selection as chairman of the committee, it is believed that he would not prostitute his office by any act of favoritism through its operations. While the writer was not in a position to accept Chairman Branson's invitation to remain at headquarters during the campaign, therefore not being advised absolutely relative to its inward workings, there remains much doubt that any criticism directed against Mr. Branson for partiality in favor of Mr. Cruce as against Mr. Murray, is at all justified.

Will Go to Stonewall.

Mr. Norrell is going to Stonewall Saturday to organize the democrats there. The Democrat man says he never has made any speeches in Pontotoc, but he feels that he can make a "bully" one to Stonewall democrats Saturday. He is going to give them something good and straight from the shoulder.

TULSA MAN GETS LONG SENTENCE

Convicted of Wife Killing, Recalls Early Days in Oklahoma When Cowboys and Bandits Battled.

Tulsa, Okla., June 28.—Will Bradley, charged with shooting Cora Roach here in 1900, was today sentenced to life imprisonment in the penitentiary by the district court after the jury had returned a verdict of guilty of murder in the first degree.

Bradley in his defense set up the was an accident, it having occurred plea that the killing of the woman at a time when a battle between a of cowboys and a number of bandits was raging in the city.

JOINT DISCUSSIONS WILL TAKE PLACE

Candidates Decline to Accede to Chairman Branson That Dates Be Canceled.

Oklahoma City, Ok., June 28.—Statement was made at both the Murray and the Cruce headquarters today that joint discussions between democratic gubernatorial candidates which begin at Anadarko July 5, would take place as previously arranged. The candidates declined to accede to requests of chairman Branson as to prevent illness, when you feel it coming.

Committees Are Shaping Plans.

Washington, U. S.—The senate committee created to investigate the legislation concerning the Indian contracts discussed the matter at considerable length yesterday and tried to frame its plans but made little headway.

The committee announced that it appeared clearly that Senator Gore of Oklahoma, who sprang the sensation on the floor of the senate, did not himself charge any senator with being interested in any of these contracts, but simply stated a charge made to him by another person.

The House committee created to investigate the contract matter with a broad scope, will not meet in Washington until after the meeting in Oklahoma City the first week in August.

J. F. McMurray of McAlester, Okla., the attorney about whose contracts the whole incident revolves, his probable fees being variously estimated at from \$3,000,000 upwards, will submit a statement to the committee setting forth that he has done nothing but what is legal and proper, reviewing the whole case.

This statement will not be presented until after Senator Gore submits his contentions formally to the committee.

Here is a Baby Hallstone for You
All other stories of hallstones as big as eggs, lemons or walnuts are insignificant compared to the one told at York, Pa., by William Diffenbauer which is vouched for by his neighbors.

Some of the Pontotoc candidates while on their hunt for votes, came across a man who is a rather singular and remarkable character in their estimation. He is one W. J. Rains who moved on to a farm 2 1/2 miles northeast of Maxwell last February and who has done all his own labor and has the best looking crop one could wish to see.

He was born in Virginia in 1835 which makes him over seventy-five years of age. Though he is of small build, weighing only 108 pounds, he worked his twenty acre crop in the Canadian river bottom perfectly clean and has earned some twelve or fifteen dollars by working out for his neighbors. Rains is a life-long democrat and has no idea of sitting down and let the government support him

• * * * *
A Pontotoc Democrat.
Here is a good object lesson for a few people who believe democracy or anything that pertains to the present form of government is synonymous with graft and special privileges.

Rains who moved on to a farm 2 1/2 miles northeast of Maxwell last February and who has done all his own labor and has the best looking crop one could wish to see.

He was born in Virginia in 1835 which makes him over seventy-five years of age. Though he is of small build, weighing only 108 pounds, he worked his twenty acre crop in the Canadian river bottom perfectly clean and has earned some twelve or fifteen dollars by working out for his neighbors. Rains is a life-long democrat and has no idea of sitting down and let the government support him

GOLDSBORO

HEARD FROM

A Lady Who Lives in Goldsboro Joins in the Chorus of Praise for Cardui, The Woman's Tonic.

Goldsboro, N. C.—"A physician treats me for many distressing symptoms," writes Mrs. Etta A. Smith, "but gave me no relief."

"I suffered with neuralgia around the heart and was troubled at times with my left thigh, shoulders and arms."

"After taking Cardui, I am now well and can recommend it to other suffering women."

"Just such doubtful symptoms, as those from which Mrs. Smith suffered, are the ones for which it will pay you to take Cardui, the woman's tonic."

"It is at such times, when there is nothing to show, for certain, the real cause of the trouble, that you need a tonic, to give the body strength to throw off the illness that evidently threatens."

"Take Cardui, when you are ill, with the ailments of your sex. Take Cardui as a tonic, to prevent illness, when you feel it coming."

"Your druggist keeps it."

Committees Are Shaping Plans.

Washington, U. S.—The senate committee created to investigate the legislation concerning the Indian contracts discussed the matter at considerable length yesterday and tried to frame its plans but made little headway.

The committee announced that it appeared clearly that Senator Gore of Oklahoma, who sprang the sensation on the floor of the senate, did not himself charge any senator with being interested in any of these contracts, but simply stated a charge made to him by another person.

The House committee created to investigate the contract matter with a broad scope, will not meet in Washington until after the meeting in Oklahoma City the first week in August.

J. F. McMurray of McAlester, Okla., the attorney about whose contracts the whole incident revolves, his probable fees being variously estimated at from \$3,000,000 upwards, will submit a statement to the committee setting forth that he has done nothing but what is legal and proper, reviewing the whole case.

This statement will not be presented until after Senator Gore submits his contentions formally to the committee.

Here is a Baby Hallstone for You

All other stories of hallstones as big as eggs, lemons or walnuts are insignificant compared to the one told at York, Pa., by William Diffenbauer which is vouched for by his neighbors.

Mr. Diffenbauer says that during the hallstorm of last Saturday night, there was precipitated into his garden a stone of ice weighing fifty pounds, and which was thirty-six inches long and fourteen inches wide. The giant hallstone, it is said, was made up of a number of smaller ones, some as large as baseballs and all frozen together. The mass fell with so much force that it was almost buried.

While Samuel King with others was loading heavy logs into a car at Weiling, day before yesterday, the hoisting rope broke and a falling log struck King on the head, crushing his skull and causing almost instant death. He had just laughed aside a warning that the rope was not strong.

It was announced yesterday that 100 additional state convicts would be transferred during the week from McAlester to Granite, making 200 the latter institution will have under control. For the time being the new convicts will be sent to Washita county to work on the public roads under supervision of the county authorities.

A Woman Killed by Lightning.

Hobart, Okla., June 28.—Mrs. Oscar Taylor, aged 30 years, wife of the city water works engineer, was instantly killed last night by lightning while drawing water from a hydrant at her home here.

News Over the State.

A fortune awaits the heirs of John Runyon, a former resident of Enid, who died less than two years ago, according to advice that has been received from Los Angeles, Cal.

The information received is to the effect that in 1888 John Runyon, then residing at Madison, Kan., purchased a tract of ground there in the outskirts of Los Angeles, but since that time has become a part of the city and has become greatly enhanced in value, and at the present time is worth a small fortune. A wealthy corporation has squatted on the land and erected a factory thereon.

CHARGED WITH WIFE BEATING

Constable D. L. Lunsford of Ty-
rola brought in John Arnold of that
place who is charged with assault
and battery on his wife, Mrs. John
Arnold.

Arnold was carried before Justice
J. R. Smith of Tyrola and was com-
mitted to jail without bond. Before
Justice Brown today he made a stay
bond and was released for 30 days.

It is alleged that Arnold and his
wife have spats very frequently.
That a little quarrel or scrap is ne-
cessary to their welfare. It is further-
more stated that Arnold didn't hurt
his wife much in the last bout.

The fellows whose thirst for drink
drives them to buy any grade of whisky
where the quickest accessible
when the pain strikes, if they were
not as a rule too improvident to trans-
act any intelligent business, it were
a good idea for them to organize and
send forth the edict, that all boot-
leggers should handle a certain stand-
ard grade of wet goods or else, be
expelled from the amalgamated order
of A. B. L. and whipped from

the community. At any rate, if those

It is related that the other day a
couple of friends, when they had con-
cluded some business in an office in
the city decided that a small bottle
of whiskey would be very inviting at
that particular time of day and forth-
with advanced to the window and
viewed the streets in search of a
bootlegger. Then one of the friends
laughed and began to point and count
1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 boot-
leggers standing awaiting for cus-
tom. There was a discussion as to the
bootlegger who probably handled the
best booze. It is not known whether
an agreement was reached or any
purchase made.

POLITICAL SPEAKING AT KNOX NEXT MONDAY NIGHT

Last Monday night Byron Norrell
and Judge Barton met with the dem-
ocratic club at Knox. Norrell reports
that quite a good deal of interest is
manifested by the Knox people who
invite the candidates to meet with
them next Monday night. John Craw-
ford and Judge Barton are the or-
ators for the night, though all can-
didates will be given time to present
their announcements.

Let 'Em Go Out.

It will not be so discomfiting for
the electric lights to go out tonight
to those who have been attending the
Chautauqua during the past week, for
except the night owls and the young
society folks, all are about "all in."

THE CURTAIN DOWN CHAUTAUQUA CLOSED

The Last act is over. The curtains
are drawn, so to speak, on the Chau-
tauqua this year. Yesterday after-
noon, and evening the audience had
the enviable pleasure of hearing the
De Koven Quartet sing those old
sweet songs that are always new.
That this company sustained their
reputation of being of the highest ex-
cellence scarcely needs mentioning.
Suffice it to say that when they an-
nounced they would sing as far as
possible any songs requested for the
evening entertainment 47 songs were
requested. At the thirty minute pre-
lude in the evening they closed with
"Swanee River" and "My Old Ken-
tucky Home" illustrating them with
crayon drawings which brought forth
tremendous applause.

Hon. I. M. Holcomb in his "Shackles
That Bind," gave his hearers a mes-
sage to take to themselves, pointing
to things that make life beautiful,
happy and sweeter. His lecture was
most heartily enjoyed and appreciat-
ed by all present.

Ada's Chautauqua has been talk-
ed of all over the state as having the
"star audiences" which within
itself is saying a good deal. A good
audience always inspires the actors
and they are eager to come to a place
where their work is appreciated.

New Oil Field Opened.

Great excitement prevails in the
country twelve miles west of Ok-
mulgee by the opening up of a new
oil field in that district. About mid-
night Saturday night the Fox River
Valley Oil & Gas Company struck a
gusher on its lease in that locality
which is far removed from the fam-
ous Hamilton Switch Oil pool, eight
miles north of Okmulgee, which the
Fox River company opened up a few
months ago. The oil sand was struck
about 11 o'clock Saturday night and
the oil shot up over the derrick show-
ing a capacity of at least 500 barrels
a day for the uncompleted well. The
drilling was resumed today.—Musko-
gee Times-Democrat.

Visit the Pastime Tonight.

The excellence of their program
will surprise you. First is the "New
Shawl" one of the famous Imps. Then
the "Accused Captain" a fine Chal-
lenge picture. The third reel two sub-
jects, Icelandic and American Wrest-
ling; Jiu Jitsu vs. the Dagger, also vs.
Boxing, ending with a good comedy
"Willie's Trip to the North Pole."

Come see this show. You will enjoy
it all.

CANDIDATES MEET AT FIZHUGH TONIGHT

Fitzhugh is preparing to entertain
the county candidates with a box
supper tonight. The people over the
county realizing the office seekers
have well developed appetites are en-
deavoring to accommodate them with
something good—for the money.

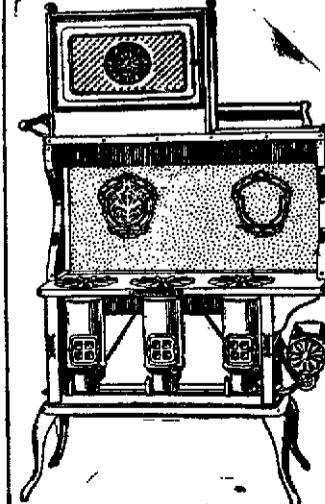

A large crowd will no doubt hear
the politicians present their claims
at Fitzhugh tonight.

WILL NOT STOP FIGHT

GOVERNOR OF NEVADA ASSURES RICKARD THAT HE WILL NOT INTERFERE.

SEE FIGHTERS AT BOTH CAMPS

Johnson Takes Hard Training While Jeffries Disappoints Trainers and Visitors.

Reno, Nev., June 28.—Rumors that the Jeffries-Johnson fight would be might be, or had been stopped by executive edict, having been given a complete knockout by Governor Dickerson, interest shifted Tuesday night to the training camps. Every one made it a point to visit Moapa Springs or Johnson's quarters during the afternoon.

Tex Rickard breathed a sigh of relief when his conference with Gov. Dickerson was over. He had the governor's personal assurance that there would be no interference and was content.

"No one will ever know," said Rickard, "what troubles I have undergone in preparing for the fight. It has seemed to me that from the very start there has been some kind of an organized opposition other than the church federations. Rumors and reports of all kinds, and of a character calculated to injure my interests, have been sent out. I say as honestly as any man could say it, that there has been no word of truth in any of it. They originated in malice and the desire to injure me. Business dealings with people who wanted more than was coming to them and did not get it, have played a part in the game I have taken them all as they came and said nothing further than to deny the rumors.

Feelings Strong.

"Now, however, with the governor's assurance to back me, I feel like unburdening myself of an opinion as to those knockers. If I could make my denunciation of them as strong as my feelings would warrant, I would do so."

Governor Dickerson, accompanied by Captain Cox of the state police, paid a visit to Johnson's camp late in the afternoon. The governor was fortunate enough to catch the negro champion just starting on the best work-out he has indulged in since coming to Reno. Johnson boxed twelve fast rounds while the state officials looked on. Four rounds with Al Kaufman opened the program, and Johnson cleverly eluded the rushes of his husky opponent, shooting back telling head and body blows every time Al led. They addled for an opening in fast style, and Johnson appeared to enjoy letting himself go a little.

Johnson's Workout.

"Kid" Cotton, the dusky sparring partner, came up next. Johnson drove the big black around the ring, hammering away with good will at any point Cotton failed to protect. In the fourth round the champion put on steam and went after Cotton as though determined to put him down for the count. Cotton clinched to save himself. Jack tore loose with one of his surprising displays of strength. Twice he drove his left at Cotton's head with terrific force. It was a "double left hook" in ring parlance, and ended the bout for Cotton. He staggered and would have toppled to the floor had not the seconds helped him to a seat.

Johnson was not ready to quit and called for Monahan, whom he kept dancing around for two rounds. Dave Mills was subjected to the champion's fire for two more rounds, then Johnson started back to the hotel.

Governor Dickerson and Captain Cox joined him and the three went up to Johnson's room, where they chatted for some time.

Jeffries Inactive.

Out at Moapa Springs, Jim Jeffries went on a strike for the day. He refused to do any work beyond a seven-mile road jaunt in the morning. Even a late visit from the governor failed to stir him to action. Jim Corbett labored with him like a camp meeting revivalist. Corbett talked with tears in his voice.

"He's just got to box," wailed Corbett, afterward.

"He ought to be going after it hard right along. I talked to him till I was black in the face."

But it did no good. Jeffries ignored every protest. If anything, he appeared elated by the fact that his refusal to box had disappointed 300 visitors.
